BILL ANALYSIS

BY: DOGGETT

S.B. 1100

Background Information:

In 1981, the 67th Legislature passed C.S.S.B. 604 which provided for the continuation of the Texas Board of Examiners in the Fitting and Dispensing of Hearing Aids. One of the amendments to Article 4566-1.01 et. seq. was the addition of a new subsection under the list of exemptions. The new exemption enables persons with a master's or doctorate degree in audiology from an accredited college or university to measure human hearing for the purpose of making selections or adaptations of or recommendations for a hearing aid, without licensure from the Board of Examiners in the Fitting and Dispensing of Hearing Aids, provided they do not sell hearing aids.

In December, 1982, the Attorney General was asked to make a determination whether Article 4566, V.T.C.S., authorizes persons with a master's or doctorate degree in audiology who are not licensed by the Board of Examiners in the Fitting and Dispensing of Hearing Aids to make impressions for earmolds for hearing aids. In Opinion No. MW-555 the Attorney General ruled that such persons must be licensed by the aforementioned Board of Examiners to make earmold impressions for hearing aids.

The sponsor of C.S.S.B. 604 reports that the exclusion of an explicit reference to the making of earmold impressions by audiologists was an unintentional omission. In order for audiologists to continue to make earmold impressions, as they were authorized to do before passage of C.S.S.B. 604, Article 4566, V.T.C.S., must be amended.

What the Bill Proposes to Do:

Amends Subpart (3), Article 4566,-1.19, V.T.C.S., to enable persons with master's or doctorate degrees in audiology to make impressions of earmolds used as part of a hearing aid.

Section by Section Analysis:

SECTION 1. Amends Subpart (3), Article 4566-1.19, V.T.C.S., as follows:

Sec. 1.19 (3). Adds provision which enables a person with a master's or doctorate degree in audiology to measure human hearing for the purpose of making impressions of earmolds to be used as part of a hearing aid.

SECTION 2. Emergency clause.

Rulemaking Authority:

It is the committee's opinion that this bill does not delegate rulemaking authority.

Fiscal Impact:

The fiscal implication of this bill was considered in the preparation of the fiscal note by the Legislative Budget Board.

In Re: Senate Bill No. 1100
By: Doggett

Sir:

In response to your request for a Fiscal Note on Senate Bill No. 1100 (relating to the making of earmold impressions by audiologists) this office has determined the following:

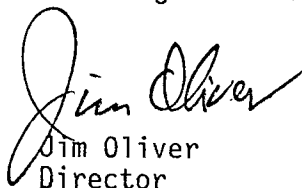

The bill would authorize certain individuals with advanced degrees in audiology to make impressions for earmolds to be used as part of a hearing aid.

The probable revenue loss from implementing the provisions of the bill during each of the first five years following passage is estimated as follows:

| <u>Fiscal Year</u> | <u>Probable Revenue Loss out of the General Revenue Fund</u> |
|------------------------|--|
| 1984 | \$6,050 |
| 1985 | 7,425 |
| 1986 | 7,425 |
| 1987 | 7,425 |
| 1988 | 7,425 |

Similar annual revenue losses would continue as long as the provisions of the bill are in effect.

No fiscal implication to units of local government is anticipated.

It is the committee's opinion that this bill does not delegate rulemaking authority.

Summary of Committee Action:

2 The Committee heard public testimony on the companion measure, H.B. 1509 on April 5, 1983 and took no action. Senate Bill 1100, the companion, was referred and the committee considered this bill on April 18, 1983. An amendment was adopted that prohibits any person from dispensing or fitting a hearing aid on any individual who has ordered such hearing aid or device by mail unless the person dispensing and fitting such hearing aid or device is licensed under the Act. The Committee then voted to send the bill to the House with a favorable recommendation by a vote of 8 ayes, 0 nays, 0 PNV, and 1 absent.
